

Kaephas Kain

Federal Way, WA – 253-315-1666 – kkain@mail.greenriver.edu

Software Development

I've begun my Junior year and will be increasing my knowledge of Object-Oriented Programming, specifically Java. We will be working in teams using Agile methods as well, and I look forward to learning how to work efficiently while collaborating. In my current job, I have experience working with clients and other employees to solve numerous IT and miscellaneous problems and working with other IT professionals to troubleshoot network and PC-related issues in a retail environment. I have a strong general understanding of PC hardware and software.

Skills

- Java Programming
- Basic Web Design (HTML/CSS/Javascript)
- Exposure to Python, SQL, PHP
- Knowledge of Excel & Word
- Intermediate Spanish
- A+ Certification
- Interpersonal communication
- Working knowledge of Quickbooks
